VISITS TO XENION BOARDING HOUSE SWIMMING POOL

This summer, as always, we invite all the Xenion Summer Fun Club children to the Xenion Boarding House swimming pool!

How could we survive without swimming in Cyprus?!
One day every week, is dedicated to that!

One swimming session per group, held weekly with teachers and a lifeguard present, will give children the opportunity to enjoy leisure swimming and have fun in the pool. Xenion Boarding House swimming pool is 1,10m deep. **Children who choose not to join the swimming activities, will use other facilities at the Boarding House.**

When children go to Xenion Boarding House swimming pool, weekly announcements informing about days & details are given out. They need to come to school with their swimsuit / swimming trunks on, their hat, sun protection cream and their towel. If needed or desired, they could bring their armbands / life jackets or a small swimming board.

The Boarding House shaded areas and other facilities can be used by students who wish to stay out of the pool. Children will return to school, where they can be collected by parents between 13:45 - 14:00.

Sun, fun and a splash of adventure!

SNACK

Xenion Summer Fun Club offers fruit and snacks at 11:30 every day!

Snacks can vary from cakes, puddings, jelly, watermelon, melon and other fruits.

THINGS TO BRING DAILY

Every day, children should bring their **Summer Fun Club bag** and a **flask of water**. There are water stations at the school, where your children can refill their flasks with purified cold water. Also, it is recommended that the children wear hats and sunscreen for their own protection from the sun and the heat. **We would advise all parents to mark their child's personal possessions with their name.**

For the benefit of the children, the canteen is open daily during the breaks. Juices, flavoured milk as well as snacks are available for the children to purchase.

It is not allowed for children to bring mobile phones or any kind of electronic games, smart watches or tablets with them. Their use prevents them from participating fully in the activities programme and our aim is to encourage them to socialise and engage in fun, learning activities!
